Contract Amendment(s)/Modifications

Pursuant to FAR 552.243-72, Modifications, and 52.222-43, Service Contract Act, this contract is hereby modified to add Federal Protective Service (FPS) Guard II service rates for the State of Alaska (except for the City of Ketchikan) for the following labor category and level of service as specified:

INTER-CON SECURITY SERVICES, INC. PRICE LIST for Guard II (FPS) (Alaska, except for the City of Ketchikan) Effective Date: June 17, 2009			
Service Location	Position Classification	Fully Loaded Hourly Rate	Wage Determination
Guard II (FPS) (Alaska, except for the City of Ketchikan)	Guard II Basic Service FPS	\$ 43.97	Wage Determination No. CBA-2009-2725, Revision No. 0, Date of Revision: 04/24/2008
	Guard II TAS	\$ 44.96	
	Guard II Emergency Services	\$ 47.49	

Supervision and Project Management labor categories are exempt from the Service Contract Act. All remaining labor must meet the minimum requirements of the Service Contract Act.

Additional Labor Rates

Inter-Con welcomes the opportunity to develop a customized quote based on applicable commercial rates and/or in response to your Statement of Work (SOW) or Performance Work Statement (PWS). If your SOW or PWS has positions or other equipment requirement that are not included in our Pricing Catalog, Inter-Con will provide a customized quote with a prompt turn-around. Inter-Con's fully loaded rates include all wages, fringe benefits, health and welfare costs, payroll taxes, guard equipment, training, background checks, and medical exams, as required and in accordance with applicable wage determination agreements. Examples of such costs include specialized vehicles, communications equipment, guard mount time, relief, gear-up/gear-down, paid travel time, or CBA wages and benefits that are in excess of approved the wage determination agreements. If any required positions are not billable and therefore, must be included in the overhead costs, the cost of these positions will be added to the billing rates for the billable positions. Customized quotes often result in discounted pricing. Billing rates are subject to FAR 52.222-43 adjustments.

Inter-Con will provide pricing at any locations requested and add those locations to our Pricing Catalog. Inter-Con will update pricing based on new wage determinations for applicable performance at the time of inquiry. Salaries for managers and supervisors are dependent upon various factors, including site locations, the size and complexity of the contract, clearances needed, and experience required. Salaries for exempt, non-SCA positions are projected to increase 3% per year. Please forward your request or comments to the contact information is provided on the first page of this document. A quotation based on SIN 246-54 labor rates, customized to your specific requirements, will be forwarded via return e-mail.

Founded in 1973, Inter-Con Security Systems, Inc. is a leading U.S.-owned security company, providing a full range of physical security services to government and commercial customers on four continents. We are an industry leader in functional areas of security in several geographic markets, and enjoy wide recognition for our work in the field of customized, high-requirement security. Inter-Con employs over 25,000 security personnel, trained and managed by a team of professionals with unsurpassed military, law enforcement and security experience. These professionals provide the expertise and innovation necessary to satisfy the most sophisticated client’s security needs, while simultaneously implementing management strategies that lower the client’s operational and administrative costs. Inter-Con is at the forefront of the design and implementation of security programs that attend to a client’s security needs across wide geographic regions.

Inter-Con Services

Inter-Con is primarily focused on services requiring the design, permanent staffing, and administration of complex, sensitive physical security programs at domestic and overseas locations. Our distinctive approach integrates security measures into the client’s environment, so that services maintain the look and feel of the client organization, while ensuring operational integrity. Regardless of the level of sophistication or amount of services we provide to a client, quality and integrity of services are essential elements.

While Inter-Con provides services for all levels of client needs, we focus on clients whose needs exceed the sophistication and expertise of traditional guard firms, whose principal efforts are directed at low-grade, generic services. Inter-Con seeks first to thoroughly understand its client and its security requirements, then designs a unique objective-driven security program tailored to those needs. Inter-Con adapts the security plan to the client’s continually evolving commercial, regulatory and institutional requirements—the antithesis of the generic, high-volume approach to security. Inter-Con’s strengths include a keen technical understanding of security needs and requirements for a wide range of industries, a pro-active approach to problem solving, and outstanding dedication to our customers. We regard ourselves as partners with our clients—dedicated to thinking pro-actively and

developing solutions that save time and money for the customer and we actively seek new ways to thwart potential emergency situations and reduce risk.

Specialized Government Services

Inter-Con provides security services at many of the nation's most sensitive government and industrial facilities. Domestically, Inter-Con is the exclusive provider of uniformed security services to the U.S. Department of State, with sole responsibility for all facilities in the continental United States. This includes all Washington, D.C. facilities, the U.S. mission to the United Nations and The White House annex for visiting foreign heads of state. This program is praised as the "model" for federal agencies and includes emergency response teams, explosive ordnance detection teams, certified on-scene chemical and biological incident commanders and travel security details for dignitaries.

Inter-Con trains and equips former law enforcement officers to provide armed protection of the judiciary, as well as thousands of jurors, attorneys, and visitors at all federal court and United States Marshals Service (USMS) facilities in Washington, DC, Virginia, Texas, Louisiana, and Mississippi. Additionally, Inter-Con provides highly-trained Armed Detention Officers for the USMS Districts in Northern Illinois and Central California to transport and secure in custody high threat prisoners to court hearings or medical appointments, including long term public hospital visits.

By special authority of the Department of Defense, Inter-Con has been entrusted with security for operational Priority 'A' resources of the U.S. military. Inter-Con also was nominated as the "Prime Contractor of the Year" by NASA for security and related services provided for the space shuttle program.

Since 1987, Inter-Con has provided over fifty-one million man-hours of service to the U.S. federal government, including embassies and consulates in some of the world's most challenging security environments. This was accomplished through

multi-faceted programs that incorporated security officers, escorts, traveling principal protection teams, counter-surveillance detection teams and electronics. Inter-Con has defended U.S. Department of State personnel and property from the chaos of civil wars in Africa, the assault of narcotics traffickers in Latin America and the disruption of political terrorism on four continents. No diplomatic personnel have been killed, kidnapped, or injured, and no embassy or consulate facility has suffered physical damage when protected by Inter-Con.

Commercial Security Services

Inter-Con serves its commercial customers by providing high-quality security services within the budgetary, regulatory and public relations parameters in which its clients operate. Our security objective, in all cases, includes the protection of clients not only from unauthorized access and loss or damage to property, but also from third party liability and impact to brand arising from poorly planned or poorly executed security efforts. Inter-Con is a leader in various security fields and provides its services to corporate campuses, health care facilities, museums, financial institutions, distribution centers, power generation facilities, high-profile events, and other high-requirement clients. Many of these customers are served on a region-wide or multi-national basis.

Special Events

Inter-Con has nearly four decades of special event security experience covering nearly every industry ranging from NASA shuttle events to military honor parades, to escorting the Dalai Lama, to temporary flu clinics, museum openings, and red carpet entertainment events such as the Academy Awards. Regardless of the scope or size of event, Inter-Con security professionals orchestrate customized security to meet the unique requirements and circumstances surrounding each special event. Our security officers are thoroughly trained to handle crowds, monitor traffic, control access restrictions, address safety concerns, and manage emergency situations. In addition, our security officers have the appearance, demeanor and public relations skills representative of the mission and stature of our clients and their special events.

Service Capabilities

Inter-Con services include the following general categories:

- Security personnel and management
- Security program design and development
- Armed and unarmed security guards
- Training of security personnel
- Security program management and administration
- Executive protection programs

- Building and data protection
- Security data development, analysis, optimization, and control
- Classified information safeguarding
- Risk assessments and investigations
- Security training and education
- Fire prevention and protection services
- Tactical exercise plans and programs
- Vehicle/pedestrian traffic control plans
- Program evaluation and re-configuration
- Cargo protection planning and implementation
- Representation of clients before regulatory authorities

Client-Focused Management

For each client, Inter-Con assigns a management team which has autonomous decision-making authority, and which controls all personnel, logistical and financial resources necessary to ensure the success of the effort. Responsible to designated authorities from the client organization, Inter-Con managers offer immediate response to client needs with full operational and staff support from our headquarters. Continuous coordination with client representatives and personnel, combined with delegated authority to effect immediate change, is key to Inter-Con's ability to serve clients in a highly responsive manner.

Financial Strength

Inter-Con enjoys what is likely one of the strongest balance sheet of any company in the security industry. At no time in Inter-Con's history has the company been unable to financially support any operation under contract; and Inter-Con has never defaulted on any of its financial obligations or been terminated for cause or convenience. Additionally, Inter-Con's financial strength enables the company to acquire business insurance at extraordinarily high levels with A+ rated insurance carriers.

Experienced Executive Leadership

The essential ingredient of Inter-Con's ability to provide high quality security services rests with company and contract leadership and their specialized and comprehensive management capabilities. The management team consists of professionals with the specific experience needed to succeed on every operational commitment.

With over 300 cumulative years of security, military, and law enforcement experience, our executive team has in-depth knowledge of all aspects of the security industry. Inter-Con' management is ultimately responsible for the performance of each contract and is absolutely committed to ensuring success. The following are brief biographies of Inter-Con's senior corporate management:

- [Mr. Enrique Hernandez, Jr., Chief Executive Officer / President](#): As Inter-Con's Chief Executive Officer, Mr. Hernandez manages all aspects of the company's global operations with principal focus on maintaining and improving upon Inter-Con's standards of excellence and performance. After serving as Corporate Counsel and Executive Vice President, he was promoted to his present position in 1984. In 2002, he was appointed by President Bush to the National Infrastructure Assurance Committee and served this organization until 2006. He also formerly served as President of the Los

Angeles Police Commission. Mr. Hernandez is a recognized corporate leader serving on the Boards of Directors of McDonald's Corporation, Chevron Corporation, and Wells Fargo Bank. He also currently serves as Chairman of the Board of Nordstrom, Inc. In addition, he is a member of the Board of Trustees of the University of Notre Dame. Mr. Hernandez is an honors graduate of Harvard College and Harvard Law School and is a licensed attorney.

- [Mr. Lance Mueller, Chief Operating Officer:](#) Mr. Mueller directs operational activities for security services provided to government, commercial, and industrial clients across the globe primarily located in North America, South America, and Africa. Mr. Mueller ensures professional, high-quality security services are provided to all operations. Mr. Mueller is a former Section Chief of Military Police, responsible for law enforcement, criminal investigations, and training at all USMC bases and installations worldwide. In the 1990's, Mr. Mueller developed a successful program for utilizing private security contractors at sensitive government facilities, which now serves as the model for numerous federal agencies. Mr. Mueller is also a former President and Chief Operating Officer of a major security contractor with extensive international operations. Mr. Mueller obtained a B.S. Degree in Criminal Justice and attended the FBI National Academy.
- [Mr. Neil Martau, Executive Vice President:](#) Mr. Martau has successfully ensured full regulatory and government contract compliance for billions of dollars in Inter-Con services, marshaling and aligning Inter-Con's operational and financial resources to meet clients' unique security program considerations. Mr. Martau also manages all administrative functions of the corporation including all contractual relationships. Mr. Martau is a Certified Public Accountant and graduate of Miami University with a B.S. in Business. Mr. Martau came to Inter-Con after an audit career with Ernst & Young, and management experience in the financial services industry.
- [Ms. Robin Simpson, Chief Financial Officer:](#) Ms. Simpson is responsible for accounting, financial reporting, risk management, tax compliance, treasury functions, and information technology. Ms. Simpson will ensure the continuous application of proven accounting and financial management practices for all security programs. Ms. Simpson has more than 25 years of financial experience, a CPA from the State of California, and a B.A. in Business Economics from the University of California Los Angeles (UCLA). Ms. Simpson served as the Vice President of Finance at Health Net Inc., in addition to holding financial leadership positions at Wellpoint Health Network and the public accounting firm of Deloitte and Touché.
- [Mr. Richard Stack, Senior Vice President of Operations:](#) Mr. Stack is responsible for operational, logistical, and administrative activities associated with government and commercial security services provided by Inter-Con in the Midwestern and Western United States. Previously, Mr. Stack served as the Deputy Project Manager for Administration under a contract with the U.S. Department of State. Prior to joining Inter-Con, Mr. Stack served as a military policeman in the U.S. Marine Corps. Mr. Stack holds a B.S. in Management and Leadership.
- [Mr. Robert Williams, Vice President of International Operations:](#) Mr. Williams is responsible for company operations outside the United States, focusing on effective service delivery and continuous improvement. Mr. Williams was a U.S. Naval Intelligence Officer for 21 years, with analytical and security management assignments in Latin America, Europe, and the Defense Intelligence Agency. He has held management positions with a major international security contractor and was Director of Corporate Security in Mexico. Mr. Williams holds an M.A. in National Security Affairs from the Naval Postgraduate School, an Executive Certificate in International Business from Georgetown University, and a Certified Protection Professional (CPP) Designation from the American Society for Industrial Security (ASIS International).

- **Mr. Wout Brusselaers, Vice President of International Business:** Mr. Brusselaers is responsible for ensuring exceptional administrative and back office support for all operations outside the United States. Mr. Brusselaers started his career as a diplomat, with postings in the Middle East and Asia, after which he joined the South East Asia offices of McKinsey & Company, a management consultancy. He holds Master's and Bachelor's degrees in Economics.
- **Mr. Michael MacHarg, Vice President and General Counsel:** Mr. MacHarg is responsible for overseeing all of Inter-Con's legal affairs including litigation, labor relations and employment, general liability, and contracts. Mr. MacHarg is an accomplished labor lawyer and has successfully represented employers in major litigation cases throughout the United States. Prior to joining Inter-Con, Mr. MacHarg was a senior trial attorney for the federal government and a partner in a national labor and employment law firm. He is a graduate of the University of Miami Law School and Loyola University in Chicago, with a B.B.A. in accounting.

Conclusion: Inter-Con As Your Security Solution

Inter-Con is one of the largest U.S.-owned security companies providing high-requirement security services to government, Fortune 100, and commercial clients both domestically and internationally. As a truly dedicated and trusted strategic partner, Inter-Con:

- Delivers customized solutions while possessing the financial strength, character, and expertise to execute the most sophisticated contract requirements.
- Executes and endorses a comprehensive training program for its contribution to the discipline, competence, and overall professionalism of security officers.
- Monitors and evaluates the effectiveness of its Quality Assurance Program through independent supervision and random and scheduled inspection of security officers.
- Applies stringent recruiting standards, rigorous screening and selection programs, and outstanding retention of experienced incumbent employees.
